

Forest Landowners: Emerging Opportunities in Tough Economic Times

Forest Landowners: Emerging Opportunities in Tough Economic Times will be the topic for Northeast Washington Farm Forestry Association annual summer field tour. Held in conjunction with the Society of American Foresters, the tour begins at 9:00 AM, Saturday, August 16th at the Loon Lake Conservancy property.

Directions: Hwy 395 turn west on Hwy 292, look for a NEWFFA sign within ½ mile of Hwy 395. Parking along railroad tracks on south side of Hwy 292.

Coffee, juice and donuts will be provided.

Two to three nearby locations will be toured showing different methods of harvesting & slash disposal. From Loon Lake the tour goes to a N.E. Washington Farm Forestry land owner's property. Bus Transportation will be available because of the lack of parking at the owner's property and dusty roads. Along that route there will be a self-guided tour highlighting different timber management and forest issues. There will be foresters available to answer questions and take part in discussions at the different stops.

Lunch will be BYOS (bring your own sack), with water and soda provided. Refills for water will be available for personal water bottles so BYOWB (bring your own water bottle).

For more information please call Matt Hobbs 509-442-3578 or Bill Berrigan 509-738-6627.
