

Pacific County Farm Forestry Association

an affiliated chapter of Washington Farm Forestry Association

December 2007

PLEASE ATTEND!!

WHEN: Wednesday, December 19, 2007 at 6:30 pm

WHERE: PUD meeting room, backside of PUD building in Raymond WA

IN RESPONSE TO RECENT HURRICANE DESTRUCTION OF LOCAL TREE FARMS

The damage to our tree farms in the western half of the county ranges from severe to nearly total destruction. We need your early damage estimates so we can consolidate this information.

Please estimate acres by age class of timber damaged and an idea of board foot volume laying on the ground or severely leaning. If you can't make this meeting, then call me and give me this information.

· At this meeting we plan to have someone from the DNR Small Forest Landowner Office, Pacific County Conservation District and NRCS.

· We will discuss the damage, possible government assistance, Forest Practice Applications for this situation and silvicultural information regarding down but rooted trees, leaving some good trees, and starting over.

· Tree farmers and others interested, please attend.

· Any available loggers, please attend. We need to discuss possibilities with you.

For more information call Sue or Greg Pattillo - 360-942-3048.
